Dear Sir,

Subject: Request for contract extension

Reference is made to the contract related to audit the Financial Statement of **Pentecostal Church of Rwanda (ADEPR Church)** signed between BDO East Africa Rwanda Ltd and ADEPR CHURCH on 28 March 2024. Article 3 of the contract related to duration of the contract state that each year to perform consultancy services as detailed and specified in the terms of reference during ninety days (90).

Following that the 90 Days provision will expire before all the service's milestones are met, and there is need of the contract to be extended to meet the contract expectation.

Following that the fact that the time taken by ADEPR to review before approval, based on which each milestone is linked to) affected the implementation of the contract from BDO's side and considering that the above contract duration should expire by 27 June 2025, it is obvious that for it to be finished, there will be required some extra time of contract management.

It is under this background that, we would like to request your office the extension of up to 31st July 2025, with a hope that, within that period, the remaining works will be completed upon timely availability of requested information.

Looking forward to hearing from you, we count on your cooperation.
